## OF INTEREST TO WOMEN

### Importance of a Mixed Diet.

That a mixed diet is imperative is emphasized by the recently discovered fact that habits of digestion may be formed. For instance, if a child eats no fatty food, the power of producing those secretions necessary to digest fat is greatly lessened and may be lost entirely. He would then be unable to eat fatty food for the rest of his life and would, therefore, suffer from impaired nutrition.

### A Novel Fireless Cooker.

A recent issue of the Popular Science monthly states that soup, beans, peas, or anything that can easily pass into a thermos bottle, can be cooked therein the same as in a fireless cooker. The foods must be thoroughly heated, put into the bottle and left for several hours, when it will be found that they are completely cooked.

Denmark has more than 6,300 motorcyclists.

## Priscilla Beauty Parlors

Mrs. W. B. Robbins returned from New York June 1st, where she completed a course in Squires Swedish Hair Dressing School, and has opened a beauty parlor in the Priscilla Shop on Second street, and is thoroughly equipped for facial massage and scalp treatment with Violet Rays.

## UPRISING

### Of a Serious Nature against the Turks is in Progress in Arabia Now.

(BY ASSOCIATED PRESS)  
LONDON, June 22.—Reports have been received here that a serious uprising against the Turks is in progress

in Arabia and that the rebels have captured the holy city of Mecca.

The London newspapers declare that the rebellion is certain to have an important bearing on the war. The Post says:

"The uprising is due to recent wholesale executions of Mohammedan and Syrian notables and well known religious leaders and also to the spread in Arabia of a feeling that the Turks have abdicated their position as the protector of the Mohammedans

and have become the vassals of Germany."

## MARRIAGE LICENSES.

Marriage licenses have been issued to Hanford Dye and Elizabeth Watson, Arley M. Freeman and Clara Davis and Darrell Lee Haymond and Stella May Fortney.
